Elimination of Program Certificates

By Teresa Walorski, Recording/Corresponding Officer

Hello FCRV Members,

During the February 15, 2026, Trustee Board Meeting, it was decided to eliminate the use of the Program Certificates.

This decision came about because the Certificates are an unknown financial liability as well as a to-do item for all the Program Directors. As you can imagine, if someone saves up their certificates and then uses them as intended to purchase an item from a vendor or towards their Campvention fee, FCRV then pays that vendor those amounts. Since FCRV is watching every penny, we are deciding to eliminate the certificates to avoid those surprising expenses.

Since we seem to have lots of these certificates sitting around, we are issuing this notice to allow you all sufficient time to use those well-deserved certificates. We really hope you use them while attending the 2026 or 2027 Campvention or towards the 2026 / 2027 Campvention registration fees.

The Certificates will no longer be printed and issued effective March 15, 2026.

You will then have until the end of the 2027 Campvention event, which is currently set to end on July 17, 2027, to use up all your Program Certificates.

We all hope you understand the need for this change and hope you enjoy the use of your Certificates!

If you have any questions about this change, please feel free to reach out to any of your Trustees.

Thank you,
Board of Trustees

Important Membership Dues Update

After extensive discussion among the Executive Board and Advisory Council, FCRV has approved an increase in annual dues. For at least the past 15 years, reserve funds have been used to cover annual operating expenses. While this approach allowed us to avoid increasing dues, it is no longer sustainable.

Even with the adjustment, the new dues rate will not fully cover our operating costs. However, increasing dues at this time is essential to keep FCRV financially solvent and able to continue serving its members. **It has been approximately 15 years since the last dues increase**, and we will continue to regularly evaluate dues and expenses going forward.

In addition to this change, we will actively pursue non-dues revenue opportunities to support long-term financial stability. The trustees are working diligently to ensure the organization's future, and we ask for the same level of commitment from our members.

Effective March 1, 2026:

- Annual dues will be **\$52** (equivalent to **\$1.00 per week**).
- Multiple-year discounts will no longer be offered; however, members may renew for multiple years at the rate of **\$52 per year**.
- Dues payments will be accepted **online only**, as part of a cost-saving and streamlining initiative.
- The six-month free bonus for new members is being discontinued; however, this change does not preclude the development and implementation of new, more tailored incentives or promotional offerings in the future as part of a more strategic and targeted membership approach.

We continue to evaluate every expense carefully. We appreciate your ongoing support, trust your commitment to FCRV, and welcome your input as we move forward together.

Note: Current dues rates will remain available for renewal until **February 28, 2026**.

Dear FCRV Members,

We are thrilled to announce an exciting new partnership between FCRV and The Dyrt, the nation's leading camping review and discovery platform. www.thedyrt.com

A Partnership Built on Shared Values

The Dyrt's community manager approached us with a vision for collaboration that aligns perfectly with FCRV's mission: connecting RV enthusiasts with exceptional camping experiences. After careful consideration, our Board of Trustees is confident this partnership will deliver meaningful value to our membership while expanding FCRV's reach to hundreds of thousands of new potential supporters.

What This Partnership Means for You

Exclusive Member Benefits: Your membership just became even more valuable. Every FCRV member will receive one year of complimentary access to The Dyrt Pro membership—a premium tier that includes enhanced campground reviews, advanced filtering, offline maps, and exclusive camping guides. This benefit alone is worth substantial savings for members who regularly plan camping trips.

Financial Support for FCRV: When members activate their free Pro membership through this partnership, The Dyrt will contribute to FCRV for each signup. These contributions directly support our mission and help us continue advocating for RV camping and member interests.

Greater Visibility for FCRV

Beyond member benefits, this partnership amplifies FCRV's voice in the camping community:

- **Massive Reach:** The Dyrt will feature FCRV in promotional campaigns reaching their 500,000+ member email community
- **Social Media Promotion:** FCRV will gain visibility across The Dyrt's social media platforms, introducing our organization to camping enthusiasts who may not yet know about us
- **Featured Magazine Article:** FCRV will be prominently featured in The Dyrt Magazine, showcasing our organization's mission and impact to their engaged readership

Simple and Seamless

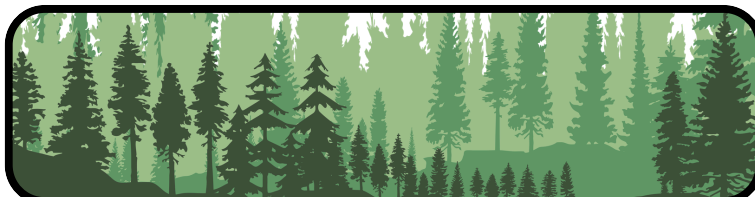

Getting started is easy. Look for details in upcoming communications about how to claim your complimentary Pro membership. It takes just minutes to activate and start enjoying the benefits immediately.

We believe this partnership strengthens FCRV by providing tangible member benefits while expanding our community and securing resources to better serve you. We're excited about the opportunities ahead.

Thank you for your continued membership and support.

Respectfully,

The Board of Trustees, Family Campers and RVers

From The President

As I write this article I think about the path that the last six years has been. It was a path of joy and of tears. I think of the friends that I have made over the years in this diverse family, and of the family that have passed and are now at that campfire in the sky. I think of the good times we have had each time we are together. I also think of the challenges we have been through over the last six years and shed a tear for those times. Just like a family we made it through the rough times, and I believe came out stronger for the challenge. This is a learning experience, and I do not believe that any one of us has all the answers.

Let me thank the Trustees for the privilege of serving with you as President over the last six years. Each board is unique, diverse and changes as we move ahead. We must recognize that changes are always present making for a stronger organization. I look forward to turning over the reins of leadership and the start of a new chapter in my FCRV life.

Your Chair Awaits
Gerry Pfirsch

From Your Trustees

FCRV Recording/Corresponding Officer

By: Teresa Walorski

Hello, as most of us are getting ready to head to Huron, South Dakota for the 2026 Campvention, I thought this sounded helpful.

The Camping “3-3-3 Rule” is a popular road-trip and RV guideline designed to prevent burnout. It suggests:

1. Drive a maximum of 300 miles per day.
2. Arrive at your campsite by 3:00 pm
3. Stay at least 3 days in each location.

Following this framework balances driving and resting to keep your trip safe and relaxing. Everyone, drive safely out there no matter where you are headed this summer. Just enjoy your time!

Hope to see you soon!

Vice President Programs

By: Ed Shaneyfelt

It is hard to believe that I will be seeing some of you in less than a month at Campvention. I am sure the team has lots of fun things planned for all of us. Hopefully, your camping season is in full swing. Unusual that we don't have much planned in June, but after that I think we have one or two weekends off until middle of October.

Make sure to keep checking on the website every now and then for all the changes that are happening. The programs are being updated as we get them approved as the end of June is the deadline. If anybody would like to chair the open Teen program, feel free to reach out to me or another trustee.

Update on my new adventure of being retired. I don't know how we got anything done when I was working. The honey-to-do list is getting smaller, but there is always something new to put on when something else gets done, like starting to pack for South Dakota.

Welcome New Members

Family Campers & RVers would like to extend a warm welcome to our newest members:

CAMPVENTION 2026 “Where The Flock Gathers”

The Heartland Region proudly invites you to the 66th Annual FCRV Campvention, to be held at the South Dakota State Fairgrounds in Huron from July 5–11, 2026, with Early Bird days on July 3–4.

Campvention is a time to reconnect with old friends, welcome new ones, and celebrate everything that makes FCRV special. In 2026, we are especially excited to announce a new partnership with the Maga Ta-Hohpi (Huron Wetlands) group, a collaboration that reflects our shared commitment to conservation, education, and stewardship of the natural world. Through this partnership, Campvention 2026 will feature special programs and activities highlighting local wildlife, wetlands preservation, and environmental awareness adding a meaningful and enriching dimension to the Campvention experience for all ages.

Huron and the surrounding area offer a rich blend of cultural heritage, Native American history, pioneer roots, and scenic beauty. The city’s story comes to life through its colorful outdoor murals, historic buildings, and museums. Families will find plenty to enjoy, including a water park, walking trails, fishing, paddle boating, swimming, and other recreational opportunities.

Located in east-central South Dakota, Huron also makes an ideal hub for extended travel. Consider arriving early or staying late to explore some of the region’s iconic destinations, including Mount Rushmore, the Crazy Horse Memorial, the stunning “Dignity of Earth and Sky” sculpture near Chamberlain, De Smet—home of Laura Ingalls Wilder—and the world-famous Corn Palace in Mitchell. South Dakota offers endless opportunities for discovery.

Heartland Region 3 FCRVers are hard at work planning the Campvention traditions you know and love, along with new adventures and special programming made possible through our local partnerships. We invite you to join us in Huron and experience everything Campvention 2026, South Dakota, and the spirit of FCRV have to offer.

Tastefully Simple

By Joe Boswell, International DASAT Director

There are almost twenty different areas in the Disaster and Safety Awareness Team program areas. At the New York Campvention in 2014, one of these areas, "Cooking and Feeding" was covered in a presentation entitled: Cooking for Groups. All kinds of things were presented in an effort to keep one healthy as they prepared for cooking with and for slightly larger groups of people.

Sometimes we need a quick and easy dish but don't have much time or many ingredients. Whether you're preparing food for a small family meal or a larger gathering, simple recipes can be a lifesaver. When time is short and your resources are limited, it's helpful to have something that is easy to make, requires little effort, and still tastes great. The recipe below is just that—quick, simple, and versatile. It works well for both small and large groups, is perfect for camping or potluck meals, and is easy enough for children to help make since exact measurements aren't required.

So here we go. All you will need is a 4 quart crockpot, a can opener, a spoon, a one-cup measuring cup, a knife, and a can of vegetable spray. Now it is time to begin.

Ingredients: 2 cans of sliced peaches, 1 box of cake mix (white or yellow) 1 stick of frozen butter; you will only need to use about 2 tablespoons as you shave off some of the butter stick.

Assembly Directions: Spray the inside of the crockpot with cooking spray. Open one can of the sliced peaches and dump about two thirds of the peaches liquid and all into the bottom of the crockpot. Now open the boxed cake mix and

spread this directly over the peaches to a depth of about 1 inch. Now cover the powder mixture with some shaved butter pieces and about a quarter cup of water. Add the rest of the peaches from the first can. Continue this same process until you have used up all of the box cake mix and the peaches from both cans and the cup of water. Put the lid on the crockpot, and cook on high for about 3 hours or until the top of your mixture is light brown. Cooking time will vary slightly with each crockpot. To make sure the mixture is done, use a toothpick or fork and poke it. When you pull out the fork, if it is clean-your cooking process is complete.

Substitutions: 2 cans of fruit cocktail, pears, apricots, pineapple, blue berries* (*use with crockpot cooking bags). You can use any canned sliced fruit. In the assembly process you can add nuts, pecans, and raisins or even coconut if that is your pleasure. This should be done when you add the fruit to your mixture. Fresh or frozen fruits can be used, such as apples, pears, or peaches. Before adding them to the crockpot, slice the fruit into small slices or dices. Then add about one half cup of water to the bottom of your crockpot, as you begin your assembly process. You will need to add about one and two thirds cups of water as you assemble this mixture as fresh fruit does not have the liquid found in canned fruit. If it is your pleasure to peel the apples before cooking, go for it, otherwise just slice the fruit. Fresh fruits will increase your cooking time as fresh and frozen fruits need more time to soften during the cooking process.

Special Note: If you use fresh or canned blue berries, use a crockpot liner. This will keep your crockpot from getting stained. If you use fresh blueberries, you will need to add about ½ cup of water to the first layer. Then add about 1 ⅔ cups of

Tastefully Simple

water in your assembly process. Add some sugar (a tablespoon or so to each layer) as you layer the ingredients in the assembly process to the blueberries as they are tart, and you want a slightly sweeter taste. Also, once the cooking process is complete; it may not look very delicious as the cake mixture is now dark (purple) in color. It may frankly look awful, but tastes great.

Serving Directions: Once the cooking process is complete this delicious treat can be served hot or cold. Or, if desired add whipped cream, chocolate syrup, caramel syrup, or ice cream on top of the mixture. Add a cherry to the top, and your delight now it is complete.

Assembly takes less than 15 minutes. Kids will have fun helping with the assembly process as measurements are flexible. For a person on the go this is the perfect simple recipe for groups. It can be increased by using a larger crockpot, and increasing the amount of fruit and adding more cake mix. Serving size with the basic recipe is 6-10. Once assembled, you have the rest of the time to do your other chores, visit with fellow campers or just rest.

Use your imagination and experiment, and over time you will have your simple dessert that can be used for any occasion.

This writer made this using fresh apples, crushed pineapple, raisins, and pecans and took it to a church Pot Luck dinner. He came home with an empty crockpot! Think of it this way, great creations are only waiting to be discovered. Enjoy!

Wildlife at Campvention 2026

Wildlife Campvention 2026

By: Gerry Pfirsch

Campvention 2026 is almost here. This year at Campvention you are encouraged to bring your wildlife pictures and enter them in the photo contest. I would also ask you to bring a new item for a silent auction. Each item will be auctioned or raffled off. This is Wildlife's main form of raising money for grants in the future. If anyone, State, Province, or Region would like to donate a Basket to Auction this year, I would like to challenge to see who can bring the best basket and achieve that top spot this year.

So, remember to bring your wildlife photo for a contest, and a basket or item for the silent auction

Friends Group of Maga Ta-Hohpi Waterfowl Production Area

The Maga Ta-Hohpi Friends Group is a volunteer, 501C-3 non-profit organization whose mission is to promote, develop and support environmental education and the awareness of the values of preserving and enhancing our natural resources. We work in cooperation with the Huron Wetland Management District of the US Fish & Wildlife Service (USFWS).

The Maga Ta-Hohpi Waterfowl Production Area (WPA) which is part of, The National Wildlife Refuge System* encompasses 2,200 acres of land and is located eight miles west of Huron on U.S. Hwy 14 and 392 Ave. USFWS manages the WPA. A dedication took place in 1992 by the Sioux Indians who named the WPA "Maga Ta-Hohpi" which means "Duck-Nest". In 1999 a diverse group of interested individuals got together and asked the question "What additional opportunities are there for people to appreciate these lands?" They met with USFWS and after hours of research and discussion the creation of The Friends of Maga Ta Hohpi became an incorporated 501C-3 non-profit organization.

The Friends Group support comes from membership dues from individuals, businesses and civic organizations that believe in its mission and goals. We apply for Grants and they have provided funds for specific projects and events. Such as Prairie Fest, Buildings and After Dark Event.

Maga Ta-Hohpi is not just for wildlife. Maga Ta-Hohpi benefits all types of visitors and from all ages. From hunters, photographers, walkers, birders, outdoors enthusiasts, school groups, senior citizens, educators – there is something

there for everyone. From a walk along one of its trails, GPS Course or to the observation deck Maga Ta-Hohpi benefits all visitors. It is a place of peace and tranquility where visitors can renew an intimate tie with nature. The greatest potential of the area lies in the prospect of providing environmental education to an increasingly urbanized society. Research shows the American people, especially children, are spending less time in outdoor recreational activities than any other previous generation. Rick Louv in his book *Last Child in the Woods: Saving Our children from Nature-Deficit Disorder* states that a fourth grader told him, "He likes to play inside because that is where the electricity is." *No Child Left Inside* (NCLI) states that only 6% of kids 9-13 years old play outside on their own. We are trying to ignite a passion for the outdoors in that age group again, to get outside and enjoy what nature has to offer. With our goals, recent developments, and activities we are trying to change this trend.

GOALS

The Friends Groups' overall objective is to develop an indoor and outdoor education environmental program at the Maga Ta-Hohpi Waterfowl Production Area. Due to previous efforts from the Friends group, a multi-purpose facility designed and constructed to be environmentally friendly and functionally adaptive to nurture educational opportunities was built in 2013 at the end of one of the trails on the WPA, which encompasses over 2,000 acres of natural prairies, wetlands, wildlife, and vegetation. The area surrounding the building (termed the W.I.L.D. building—Wildlife Instruction and Learning Discovery) also includes interpretive signing, a paved walking trails, a wingspan display, an observation deck, a pollinator plot, and room for educational programming.

The Friends group aims to...

- Increase public knowledge of the value of the prairie pothole ecosystem through environmental education.
- Provide an environmental educational experience for all ages through hands -on activities.
- Emphasize the role of private landowners in nurturing the prairie pothole landscape.
- Serve as a forum for resolution of natural resource issues.
- Create working partnerships between those involved with natural resources in the prairie pothole region.

DEVELOPMENTS:

- Bluebird trail with nesting boxes
- Observation deck overlooks the wetland area.
- Field classroom for hands - on environmental education
- GPS Course
- Interpretive Kiosk (informational panels WPA and about what one could see)
- Centennial Time Capsule landmark
- Photo blind
- Wingspan display
- Pollinator plot
- Picnic bench
- Rock hop
- Mowed Walking Trail (about 1 mile)
- Handicapped accessible concrete walkway (about 0.25 miles)
- Two outdoor restrooms (handicapped accessible)

SPECIAL EVENTS AND ACTIVITIES:

HURON PRAIRIE FEST: A free outdoor educational adventure for the whole family held annually. Various themes, activities, and crafts are available and change annually.

DUTCH OVEN COOKING SEMINAR: This free seminar usually held in October. Participants learned the basic techniques needed to enjoy this type of outdoor cooking and get to cook a meal to share with others during the activity.

INTRO TO WATERCOLOR PAINTING: Learn the basics of painting with watercolors. Painting a prairie landscape

WILDLIFE PHOTOGRAPHY: Learn how to take pictures of wildlife, how to use a photo blind when taking pictures or observing wildlife.

CREATURES OF THE NIGHT: Learn about the switch that begins to take place around sunset. Learn about night life of animals such coyotes, foxes, bats, moths, owls, and insects. Use your ears and nose more than your eyes to learn what is taking place at night.

WINTER WONDERLAND-FEBRUARY: Is there any activity at the WPA during the wintertime? Yes, there is. Come out and see and learn what is going on out there during the winter months. What animals made these tracks, what was it doing, where was it going. What other signs are around that indicating animal activity around the WPA? What role does snow play in the winter for plants and animals?

MASTERING YOUR GPS: This event was an educational forum for enthusiasts looking for additional training on the use of their Global Positioning Systems. There is a GPS Trail located on the Waterfowl Production Area with a map available at the kiosk. In addition, the Friends Group has made a GPS and video unit available for use from the US Fish and Wildlife Office located at Maga Ta-Hohpi.

GROWING FOR WILDLIFE: This was a free, educational forum which included sessions on: Creating Your Backyard Birding Paradise, Managing Woody Habitat and Developing and Managing Quality Wildlife Habitat.

VOLUNTEERS: are always welcome and training is available to the volunteers for the activity volunteering for.

BECOME A FRIEND: Friends truly do make a difference at the Maga Ta-Hohpi Waterfowl Production Area. New Friends are always welcome to serve as an active member helping at various unique events, projects, and seminars. Make checks payable to Maga Ta-Hohpi Friends Group, PO Box 490, Huron, SD 57350

Annual Dues:

- Student \$10
- Senior Citizen \$10
- Individual \$15
- Family \$25
- Business \$100
- Corporate \$500
